

A surrogate-assisted design framework for multi-objective parameter optimization and design space exploration

Aniruddho Biswas Badhon

June 3, 2026

Abstract

Contents

1	Introduction	4
2	Methodology and Research Design	5
3	Results and Discussion	6
4	Broader Impacts	7
5	What and Why	8
6	CEP	9
7	Conclusions and Recomendations	10

List of Figures

List of Tables

Chapter 1

Introduction

Chapter 2

Methodology and Research Design

Chapter 3

Results and Discussion

Chapter 4

Broader Impacts

Chapter 5

What and Why

Chapter 6

CEP

Show the complex Engineering Problems it solves

Chapter 7

Conclusions and Recommendations
